

– Save the Date –

Atlantic Stormwater Conference

Halifax, NS

June 22 and 23, 2017

Clean Foundation and the **Canadian Chapter of the International Erosion Control Association (IECA)** invite you to save the date for our exciting upcoming Atlantic Stormwater Conference.

This conference will focus on solutions to practical questions about Green Infrastructure, including winter performance, maintenance of Low Impact Developments, and communicating about stormwater to non-experts.

The conference will feature one full day of presentations and panels on a variety of topics, and a second day of concentrated learning, presented by Chris Denich, with Aquafor Beech Ltd.

Detailed information about the agenda, registration and the location will be distributed by email and posted on <http://clean.ns.ca> soon.

If you have any questions about the conference in the meantime please contact **Camilla Melrose** by phone at (902) 420-7933 or by email at water@clean.ns.ca.

We look forward to having you join us in June 2017!

Sincerely,

CAMILLA MELROSE

Water Program Coordinator, Clean Foundation
